FCC Standards
For Home and Office Use!

Introduction

This card is equipped with one high speed RS-232 serial interfaces. The serial ports include 128Byte FIFO with speeds up to 921Kb/Sec.

Specification

- Chipset: Oxford 952, 128Byte DMA FIFO
- Compatible chips: with 16C950, 16C750, 16C650, 16C550, and 16C450.
- IEEE standard: RS-232 Interface
- Max. Speed: Bi-directional speeds from 50 bps to 15Mbps/port.
- 2 x DB9 Male
- Support x1,x2,x4,x8,x16 (lane) PCI-Express Bus connector keys
- Operating system: DOS, WIN 2000, XP, 2003 Server, VISTA, Win7, Win8.1, Win10, LINUX,
- 5V / 12V / RI (no power) power selectable on each individual port (Pin 9th)
- Ready of the Intel and AMD 32/64-bit CPU System
- Built-in 128 byte hardware FIFO
- IRQ and IO address assigned by System
- Certified by Microsoft WHQL, CE, FCC approval
- PCB: 80 x 65 mm

Package Contents

- 1 x LINDY PCIe Low Profile 2S Card
- Additional Low Profile DB9 Port Bracket
- LINDY User manual
- LINDY Driver CD

Installation

1. Turn off the power of your computer and remove the power cable
2. Install the PCIe Low Profile card into an available PCIe Low profile slot in your computer
3. Connect the peripheral ie Printer, Modem, etc. to the adapters port
4. Re-connect the power cable & turn on the power of your computer

PCI device listing display (for example...)

| Bus No | Device No | Func No | Vendor ID | Device ID | Device Class | IRQ |
|--------|-----------|---------|-----------|-----------|-------------------------|-----|
| 0 | 7 | 1 | 8086 | 7010 | IDE Controller | 14 |
| 0 | 13 | 0 | 1409 | 7168 | Simple COMM. Controller | 10 |

If the Vendor ID, Device ID, Device Class or IRQ aren't displayed or an error occurs, please try another PCI slot.

Once the hardware has installed correctly you can start installing the software from the driver CD.

CE/FCC Statement

CE Certification

This equipment complies with the requirements relating to Electromagnetic Compatibility Standards EN55022/EN55024 and the further standards cited therein. It must be used with shielded cables only. It has been manufactured under the scope of RoHS compliance.

CE Konformitätserklärung

Dieses Produkt entspricht den einschlägigen EMV Richtlinien der EU für IT-Equipment und darf nur zusammen mit abgeschirmten Kabeln verwendet werden.

Diese Geräte wurden unter Berücksichtigung der RoHS Vorgaben hergestellt.

Die formelle Konformitätserklärung können wir Ihnen auf Anforderung zur Verfügung stellen

FCC Certification

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

You are cautioned that changes or modification not expressly approved by the party responsible for compliance could void your authority to operate the equipment.

This device complies with part 15 of the FCC Rules.

Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

LINDY Herstellergarantie – Hinweis für Kunden in Deutschland

LINDY gewährt für dieses Produkt über die gesetzliche Regelung in Deutschland hinaus eine zweijährige Herstellergarantie ab Kaufdatum. Die detaillierten Bedingungen dieser Garantie finden Sie auf der LINDY Website aufgelistet bei den AGBs.

Recycling Information

WEEE (Waste of Electrical and Electronic Equipment), Recycling of Electronic Products

Europe, United Kingdom

In 2006 the European Union introduced regulations (WEEE) for the collection and recycling of all waste electrical and electronic equipment. It is no longer allowable to simply throw away electrical and electronic equipment. Instead, these products must enter the recycling process.

Each individual EU member state has implemented the WEEE regulations into national law in slightly different ways. Please follow your national law when you want to dispose of any electrical or electronic products. More details can be obtained from your national WEEE recycling agency.

Germany / Deutschland

Die Europäische Union hat mit der WEEE Richtlinie Regelungen für die Verschrottung und das Recycling von Elektro- und Elektronikprodukten geschaffen. Diese wurden im Elektro- und Elektronikgerätegesetz – ElektroG in deutsches Recht umgesetzt. Dieses Gesetz verbietet das Entsorgen von entsprechenden, auch alten, Elektro- und Elektronikgeräten über die Hausmülltonne! Diese Geräte müssen den lokalen Sammelsystemen bzw. örtlichen Sammelstellen zugeführt werden! Dort werden sie kostenlos entgegen genommen. Die Kosten für den weiteren Recyclingprozess übernimmt die Gesamtheit der Gerätehersteller.

France

En 2006, l'union Européenne a introduit la nouvelle réglementation (DEEE) pour le recyclage de tout équipement électrique et électronique.

Chaque Etat membre de l' Union Européenne a mis en application la nouvelle réglementation DEEE de manières légèrement différentes. Veuillez suivre le décret d'application correspondant à l'élimination des déchets électriques ou électroniques de votre pays.

Italy

Nel 2006 l'unione europea ha introdotto regolamentazioni (WEEE) per la raccolta e il riciclo di apparecchi elettrici ed elettronici. Non è più consentito semplicemente gettare queste apparecchiature, devono essere riciclate. Ogni stato membro dell' EU ha tramutato le direttive WEEE in leggi statali in varie misure. Fare riferimento alle leggi del proprio Stato quando si dispone di un apparecchio elettrico o elettronico.

Per ulteriori dettagli fare riferimento alla direttiva WEEE sul riciclaggio del proprio Stato.
